

## 1<sup>st</sup> Announcement

### 4th NDMC – Meeting

Dear colleagues,

This is to invite you to participate in the 4<sup>th</sup> NDMC meeting which will take place on **10-12 May, 2011** at **DLR in Oberpfaffenhofen** in Bavaria, Southern Germany.

Main topics of the meeting will be a status report, presentations on results of the NDMC campaign on gravity waves and other scientific results including technological innovations, reports on the NDMC thematic areas, and discussion about how to further develop NDMC.

The very preliminary agenda is enclosed with this message; recommendations or comments on the agenda are highly welcomed. Please let us know if you plan to give a presentation and if so, please specify the title of your presentations (see enclosed registration form). We need this input from you in order to prepare the final agenda and to realistically estimate the session length.

Please complete the enclosed registration form and return it to Kathrin Höppner ([kathrin.hoepfner@dlr.de](mailto:kathrin.hoepfner@dlr.de) or by Fax: +49.8153.28.1363) **not later than 15 March, 2011**.

We have made a reservation for a number of rooms in the Hotel Seehof in Herrsching am Ammersee at a rate of 76 € per night (single room incl. breakfast). If you want to make use of this offer, please mark so in the registration form; we will then arrange the hotel reservation for you. Please note that the hotel honours the reservation until 31 March, 2011. Other hotels are, however, available in the vicinity (<http://www.ammersee-region.de/herrsching-hotel.html>). A shuttle bus from the Hotel Seehof to DLR and vice versa will be arranged.

How to find the Hotel Seehof:

- From Munich airport (MUC): Take the S-Bahn S8 (S eight) in direction “HERRSCHING” and exit at the final destination “HERRSCHING”.
- From Munich Main Rail Road Station: Take S8 (S eight) in direction “HERRSCHING” and exit at the final destination “HERRSCHING”.

The Hotel Seehof is located directly on the lakefront; see the enclosed map.

We look forward to seeing you at the NDMC meeting.

Best regards,  
Michael Bittner and Jürgen Scheer
